Website	www.decopaint.co.il
Summary of Offer	Decopaint offers integration of artistic projects in construction, maintenance and buildings' upgrade projects.
Description of Offer	<p>Decopaint is the comprehensive solution for designing, planning and execution of art projects: homes, buildings, environmental settings etc.</p> <p>Decopaint is the Israeli leading company of decorative professional painting and environmental art projects.</p> <p>Over the years, the company has developed special painting techniques integrated with art in order to improve buildings, industrial zones and urban environments and to achieve better quality of life.</p> <p>In recent years, the dominant trend in environmental design, puts an emphasis on the design of buildings and sites in an environmentally compatible way. Decopaint has accepted this challenge.</p> <p>The company specializes in environmental decorative painting, creation of sculpture and monuments which fit in with the scenery. Decopaint integrates its customers' ideas in paintings, sculptures and walls, designing and producing fences with sculptural elements, epoxy castings as a decorative solution to environmental conditions, etc.</p> <p>The flagship of Decopaint are artistic doors. The company was the first to develop, an industrial production line for artful painting and iron sculpturing of doors (entrance doors, internal doors, security room doors, etc.).</p> <p>The doors, in a variety of styles and techniques – ranging from the abstract to the figurative, are signed individually by our House Artist, a graduate of the Beaux Arts Academy of Paris.</p> <p>They make a valuable creation by itself, with a high level of durability. We also specialize in upgrading windows and glass screens into artistic elements by combining artistic painting techniques.</p> <p>We welcome private as well as commercial orders for artistic projects.</p> <p>Our customers are real estate holding companies, municipalities, hotels, industrial parks, architects and constructors who want to give an added value to their projects.</p>
